MEMORANDUM FOR: Deputy Director for Administration  
FROM : [REDACTED]  
Acting Director of Personnel  
SUBJECT : Office of Personnel Report --  
Week Ending 14 February 1979

1. New Recruitment Office: [REDACTED] Chief, Recruitment Division, and [REDACTED] Deputy Chief, Recruitment Division, visited [REDACTED] on 8 February 1979 to inspect the area in the Federal Building which the General Services Administration has suggested we use for our new recruitment office. The Federal Building is located in the center of the downtown area, is serviced very well by public transportation, and is near numerous commercial parking facilities. The building is very clean and well maintained. Protective services appear to be more than adequate; security guards actively patrol the building during business hours. The space offered us is completely adequate for our purposes and we have asked the Office of Logistics to inform the General Services Administration that we will occupy the area. The Office of Logistics will now develop a plan of the modifications we require and send them to the General Services Administration. (U)

2. Supergrade Factor Evaluation Workshop: [REDACTED] of our Position Management and Compensation Division served as coordinator of the second of a series of five workshops held at the [REDACTED], Office of Training, on 6 and 7 February 1979. Six senior officials from the DDS&T participated in the test and validation of the proposed Supergrade Factor Evaluation System. It was the consensus of the participants that, with a few modifications and refinements, the system contains valid criteria and methodology by which judgements can be objectively made as to whether Agency positions justify allocation of supergrade levels.
